

Food and Drug Testing 2018 (FDT-2018)

The Food and Drug Testing 2018 Scientific Workshop will be held in Genova (Italy), Wed December 12 to Fri December 14, 2018.

The workshop is intended to provide a unified, open, cross-disciplinary and interactive forum for the exchange of information and ideas within the scientific community operating in the field of targeted and non-targeted analytical techniques and chemometric strategies (both method development and

applications) for the verification of authenticity of food and pharmaceutical products.

It will include three days of scientific sessions, with oral presentations and in-depth discussions, promoting the exchange of ideas and new collaborations.

More detailed information can be found on the official website
