

# BIONAM2019

BIONAM2019 is the third edition of the International Conference on Bio and Nanomaterials. The conference will take place on 29th September – 3rd October 2019 on a cruise.

Bionam 2019 will offer an informal environment where scientists in the field of nano and biomaterials can discuss the latest advancements and share their outlooks.

The idea to organize BIONAM on a cruise is to foster the contacts and the collaborations in this field during the whole conference.

The thematic session will consist of a series of short presentations followed by some minutes of question time.

During the cruise, we will organize a moment to discuss the grant possibilities with special attention to Horizon projects.

All contributions will be submitted for publication on lecture Notes In Bioengineering (LNBE) Springer-Nature series, as we have done in the previous edition of BIONAM (<https://www.springer.com/series/11564> [1]). LNBE is indexed by SCOPUS, Web of Science and Springerlink.

**Informazioni Organize by:** DIFARMA (Unisa), DIIN (Unisa), DSFTA (Unisi)

**Luogo:** MSC Orchestra (porto di partenza: Genova)

**Dal:** 29 September, 2019

**Al:** 3 October, 2019

**Link:** <https://www.bionam2019.unisa.it> [2]

**Contatti Nome:** Lucia Sessa

**Email:** [lucsessa@unisa.it](mailto:lucsessa@unisa.it)
