

# XIII Spanish-Italian Symposium on Organic Chemistry

The present symposium follows in the tradition of an established series of bilateral Spanish-Italian meetings, which are organised biannually by the Organic Chemistry Division of the Real Sociedad Española de Química (GEQOR) and the Società Chimica Italiana (SCI). The event fosters the exchange of experiences and information between the most important experts from the two countries, including the promotion of networks and collaborations.

The conference consists of 12 Keynote and 16 Invited Lectures, and provides opportunity for Oral and Flash Communications together with Poster Presentations. The event will take place at the Auditorium of the *Seminary Building* in central Tarragona.

**InformazioniOrganize by:** Organic Chemistry Division of the Real Sociedad Española de Química (GEQOR)/Divisione di Chimica Organica della Società Chimica Italiana

**Luogo:** Tarragona (Spain)

**Dal:** 4 September, 2022

**Al:** 6 September, 2022
