

17th IFAC Symposium on Control, Optimization and Automation in Mining, Mineral and Metal Processing

The IFAC MMM 2016 provides a forum for professionals, researchers, and experts in control, mining, mineral and metal processing to review state-of-the-art control, optimization, and automation technologies in the field.

The symposium invites people from both industry and academia to exchange knowledge, to raise new questions, and to benefit from open discussions.

Meeting Topics include but are not limited to:

Process modeling; state estimation and parameter identification; control and optimization; advanced process control; measurement, sensors; automation, instrumentation; data mining and statistical analyses; fault diagnosis, process monitoring; artificial intelligence, machine learning systems, and human machine systems; robotics, mechatronics; production planning, distribution and logistics, plant management; energy, environment, health, safety;

Important dates:

January 11, 2016: Submission deadline

April 1, 2016: Notification of acceptance

April 30, 2016: Final paper submission deadline

April 30, 2016: Early registration deadline

August 31, 2016 – September 2, 2016: Conference dates

Informazioni Organize by: International Federation of Automatic Control

Luogo: Vienna

Dal: 31 August, 2016

Al: 2 September, 2016
