

Are you interested in working with radical chemistry to develop new synthetic methodologies for medicinal chemistry applications? Are you seeking a dynamic, exciting, and youthful environment? The Translational Chemistry and Technology Innovation Unit at @Chiesi Group is actively seeking a post-doctoral researcher eager to take on the role of principal investigator for the European Postdoctoral Fellowships call.

If you are interested or for further information, please send an email to Paolo Ronchi (p.ronchi@chiesi.com)!

About the fellowship (deadline 11 September 2024): <https://marie-sklodowska-curie-actions.ec.europa.eu/calls/msca-postdoctoral-fellowships-2024>

### **About Chiesi Group**

Chiesi is an international, research-focused biopharmaceuticals group that develops and markets innovative therapeutic solutions in respiratory health, rare diseases, and specialty care. The company's mission is to improve people's quality of life and act responsibly towards both the community and the environment.

By changing its legal status to a Benefit Corporation in Italy, the US, and France, Chiesi's commitment to create shared value for society as a whole is legally binding and central to company-wide decision-making. As a certified B Corp since 2019, we're part of a global community of businesses that meet high standards of social and environmental impact. The company aims to reach Net-Zero greenhouse gases (GHG) emissions by 2035.

With over 85 years of experience, Chiesi is headquartered in Parma (Italy), with 31 affiliates worldwide, and counts more than 7,000 employees. The Group's research and development centre in Parma works alongside 6 other important R&D hubs in France, the US, Canada, China, the UK, and Sweden.
